Summary

Hi there! I'm Yousef, a back-end developer with 4 years of experience based in Amman, Jordan. My specialty is developing robust and scalable server-side applications using the Node.js ecosystem. My tech stack includes NodeJs, NestJs, ExpressJs, Mysql, PostgreSql, Oracle Database, Linux server, Apache server, Nginx Server, docker, and AWS.

I have a passion for writing clean, efficient code and solving complex problems. In my previous roles, I have worked on a variety of projects, from small startups to large enterprise applications. I am always looking for ways to improve my skills and stay up-to-date with the latest technologies and best practices in the field.

In my free time, I enjoy exploring the beautiful landscapes of Jordan. I am also an avid reader and enjoy learning about new topics and technologies.

Feel free to connect with me on LinkedIn to discuss potential collaboration opportunities or to learn more about my experience and skills. I am always open to new challenges and opportunities to grow as a developer.

Experience

Fullstack Software engineer

Nov 2023 – Current

Baaz – Amman, Jordan

- Actively engage in backend development using the Yii framework
- Employ React.js for the creation of dynamic and interactive front-end components
- Utilize Laravel Blade templating for seamless integration between backend and frontend
- Contribute to the development and maintenance of robust and scalable web applications
- Leverage Yii framework features for efficient backend operations
- Create user-friendly interfaces through the power of React.js
- Streamline view rendering using Laravel Blade templating
- Collaborate with cross-functional teams to meet project requirements
- Ensure seamless integration of Yii, React.js, and Laravel Blade technologies
- Build modern and efficient web applications adhering to industry best practices
- Deliver exceptional user experiences through innovative development approaches.

Senior Software Engineer

Feb 2023 – Nov 2023

Hello World Kids – Amman, Jordan

- Actively engaged in PHP Laravel backend development on AWS.
- Utilized Laravel Blade templating for seamless backend-frontend integration.
- Contributed to robust, scalable web applications on AWS infrastructure.
- Leveraged Laravel features for efficient backend operations.
- Collaborated with cross-functional teams to meet project requirements.
- Ensured seamless integration of PHP Laravel and AWS technologies.
- Built modern, efficient web applications following industry best practices.

Senior Software Engineer*Feb 2022– Nov 2022**Rhinosoft – Amman, Jordan*

- Actively engaged in backend development using NestJS and Node.js Express.
- Utilized NestJS for efficient backend operations and seamless integration.
- Contributed to robust, scalable web applications on Oracle Cloud and Digital Ocean.
- Collaborated with cross-functional teams to meet project requirements.
- Ensured seamless integration of NestJS, Node.js Express, and cloud technologies.
- Built modern, efficient web applications adhering to industry best practices.

Software Engineer*Nov 2021– Feb 2022**Luminus education group – Amman, Jordan*

- Actively engaged in full-stack development using NestJS, Node.js Express, and React.
- Leveraged NestJS and Node.js Express for efficient backend operations.
- Utilized React for crafting dynamic and interactive front-end components.
- Contributed to robust, scalable web applications deployed on Oracle Cloud and Digital Ocean.
- Collaborated with cross-functional teams to meet project requirements.
- Ensured seamless integration of NestJS, Node.js Express, React, and cloud technologies.
- Built modern, efficient full-stack applications adhering to industry best practices.

Software Engineer*Nov 2019– Nov 2021**Aspire IT services – Amman, Jordan*

- Actively engaged in full-stack development using NestJS, Node.js Express, and React.
- Leveraged NestJS and Node.js Express for efficient backend operations.
- Utilized React for crafting dynamic and interactive front-end components.
- Contributed to robust, scalable web applications deployed on Oracle Cloud and Digital Ocean.
- Collaborated with cross-functional teams to meet project requirements.
- Ensured seamless integration of NestJS, Node.js Express, React, and cloud technologies.
- Built modern, efficient full-stack applications adhering to industry best practices.

Software Engineer*Feb 2019– Nov 2019**NCIT Solutions – Amman, Jordan*

- Actively engaged in full-stack development using NestJS, Node.js Express, and React.
- Leveraged NestJS and Node.js Express for efficient backend operations.
- Utilized React for crafting dynamic and interactive front-end components.
- Contributed to robust, scalable web applications deployed on Oracle Cloud and Digital Ocean.
- Collaborated with cross-functional teams to meet project requirements.
- Ensured seamless integration of NestJS, Node.js Express, React, and cloud technologies.
- Built modern, efficient full-stack applications adhering to industry best practices.

Education

Associate's Degree in **Computer Technology**
Al Balqaa applied University – Zarqa, Jordan
Percent Grade: 76.1%

Jan 2015 – Jan 2019

Technical Skills

- NodeJs.
- TypeScript
- ReactJs
- HTML, CSS.
- ES5, ES6.
- SQL (Oracle, Mysql, Sql Server).
- Laravel.
- JavaScript.
- PHP.
- ExpressJs.
- Version control (Git).
- AWS (S3, EC2, RDS, EB).
- NestJs.
- JQuery.

Soft Skills

- Problem Solving.
- Critical Thinking.
- Flexibility.
- Communication.
- Teamwork.
- Organization.
- Creativity.
- Attention to Detail.
- Responsibility.
- Project Management.
- Leadership.
